PATRON BENCH

WHERE SOPHISTICATION MEETS MINIMALISM

In a Seriously Cool Way.

Our sculptural *Patron Bench* boasts a sleek design that's perfect for any space, whether it's an art gallery or your chic living room.

We've paid close attention to every detail, and the result is a bench that rocks cylindrical pillows on both sides. But here's the *cool* part—instead of carving the pillows to fit, we've carved the bench itself to cradle those cushions like they were meant to be.

Customization is the name of the game here. Choose from our *luxurious* lacquer finish or go all out with the opulent marble look. And when it comes to fabrics, we've got three *fantastic* options to match your style—two patterned and one single-colored for that *sleek* touch.

Get ready to kick back and relax in style with the *Patron Bench*. It's not just furniture; it's functional art that's all about *you* and *your vibe*. So go ahead, make a statement with the *Patron Bench* in your space. Your guests will be seriously impressed, and you'll have a cozy spot that's *uniquely yours*.
